AlturnaMATS, Inc.'s largest foreign markets are primarily comprised of the United Kingdom, Germany, Japan and Australia. During the past two years, it entered new markets in Ghana, New Zealand, Colombia and Namibia. AlturnaMATS increased its export activity over the past two years by entering new markets and expanding into existing markets. Each year, with the assistance of the Northwest Commission, AlturnaMATS meets with the Pennsylvania trade representatives from various countries in search of markets with a need for its ground protection mats. The export sales team also generates international leads while attending international trade shows within the United States.
